

## Nam Theun 2 Power Company hands over computers to Nakai District Authorities

On 23 July 2013, Nam Theun 2 Power Company (NTPC) handed over 10 laptops and 20 desktops to Nakai District Authorities to be used in administrative works. The ceremony held at Nakai District Office attended by Mr Liangkham PhengOuthai, Nakai District Governor and district officials, NTPC Chief Executive Officer Mr Michel Robino, and NTPC management.

According to Mr Liangkham, these computers will be distributed to units in the districts which will help to smooth daily works. "I really appreciate the company for this contribution to our district. These computers will help to improve our work efficiency." said Mr Liangkham. "Since Nam Theun 2 came to Nakai District, it has brought many positive benefits to the district such as new roads, health clinics, electricity, markets, uxo clearance, irrigation systems, technical assistance, and other things which help to boost economic development and improve the livelihoods of the people of Nakai – especially the resettlement villagers." He added.

1,310 families on Nakai Plateau were relocated to resettlement villages to allow the creation of the reservoir. With new village infrastructure built by Nam Theun 2 Power Company (NTPC), the resettlement villages are equipped with new houses, water supply and sanitation, roads, electricity connections, community buildings, schools, and health centers. In addition to the new infrastructure, NTPC works closely with the Government of Laos to strengthen local institutional capacity and implement livelihood support programs to ensure sustainable incomes and improve living standards for resettled villagers.
